Accreditation standards are a means for evaluation and enforcement of the school's performance and practices. It includes a requirement that an accredited school comply with the WASC Policies, Procedures, and Standards. This accreditation is conditional upon Central Catholic High School's continued compliance with the WASC standards.

Key Outcomes and the School's Standards:

- Improved student achievement relative to the school's prior performance.
- Implementation of the Educational Improvement Plan.
- Addressed the critical areas for follow-up through the Educational Improvement Plan.

The progress report should demonstrate the school's ability to meet the accreditation standards. Both the WASC Secondary Commission and the WASC Presiding Central Catholic High School is required to submit the progress report to the WASC. This report is the critical component of the commission's visit. The satisfaction of the Accreditation Commission is based on all of the information provided by the school, including the self-study report, and their determination of Central Catholic High School (9-12) meets the WASC standards.

Dear Mr. Pecehling:

Westside Association of Schools and Colleges (WASC)

Accreditation Commission for Schools, Western Association of Schools
